I talked to Matt, and he's in agreement that this looks good. I'll go ahead and route via Tom and WPD management, copying Leif and Mita.
Matt also said that late yesterday, FDEP indicated that they wanted the response in writing rather than verbally, so that does make transmittal easier.

Thank you, everyone, for pushing this through on CDOs for most of us and what should probably be Ex. 6 Personal Privacy (PP)

Looks good to me! David confirmed green light. Thanks. Should we call Matt to confirm?

I'm giving Tom a heads-up that we may be ready to elevate to the RA soon, but he'll need to know if David's last message constitutes a green light from OGC. I expect we'll take a similar path where Trey ultimately reaches out to David Ross to check on OW's perspective unless you are running this up your chain, Kathy.

This should work! We lost the and/or, but I think it's ok. Are we good?

David,

Thank you very much for your input on the proposed changes to FL's rules. R4 will incorporate all of your proposed edits, but just wanted to propose one alternative edit to the "material permit modification" paragraph, in response to a question you raised. Please see below.

Stakeholder-proposed language:

Ex. 5 AC/DP

Ex. 5 Deliberative Process (DP)

David asked:

Ex. 5 AC/DP

New proposed language:

Ex. 5 Deliberative Process (DP)

Could you please let us know if you are comfortable with R4's revised proposed approach, or if you have concerns about it? Thank you very much for your continued attention to this matter.

Matt & David – as mentioned on today's OGC call we've worked out responses to FDEP's latest questions. Trey asked me to forward this to you for your thoughts.

Matt Hicks' email below provides context.

Leif,

Here's EPA's proposed response to the two recent questions we received from DEP on Friday. These proposed responses were generated by the Region 4 team (Tom McGill level) after consulting with Simma (both issues) and Alexis (mitigation issue only) at OGC. DEP is waiting to hear from us before moving forward with their rulemaking so time is of the essence. More internal discussion is needed on the issue of incorporating retained waters list into EPA's Federal Register notice approving the state's program but that issue is not as time critical as the two below.

Please call me if you'd like to discuss further.

Thanks,

Matt

Importance: High

Cesar,

As a follow-up to our conversation yesterday, FDEP would appreciate EPA's quick feedback on questions they asked during calls held with some of EPA's assumption team members on Oct 19 and 22nd. You'll recall that I forwarded you an email from Matt Hicks on Oct 19 regarding their basic questions, and we received additional clarification with FDEP staff in a call held on Oct 22. We understand that FDEP is awaiting EPA's feedback prior to proceeding with their Notice of Proposed Rulemaking and that FDEP would prefer EPA's feedback through a conversation instead of in writing.

Attached is a document drafted by the EPA Assumption Team that includes: (1) FDEP's questions (highlighted in blue text); (2) proposed EPA responses (highlighted in yellow text); and (3) other information to provide background/context for FDEP's questions and/or the proposed responses. We would appreciate feedback from the RA and the senior leaders at OGC/OW as quickly as they can provide it before responding to FDEP.

If you have any questions or need any additional information please let us know.

Thanks.

Tom
